

Environmental Policy Statement

At all AK SHEHU Limited offices and construction sites, this statement of the company's environmental policy must be posted.

The organization's environmental policy will be determined by the board of directors, and it will be made sure that the Environmental Management System will:

- Include a commitment to continual improvement and pollution prevention
- Include a commitment to comply with legal requirements and other requirements to which the organization subscribes.
- Be appropriate to the nature, scale, and environmental impacts of its activities, products, and services.
- Offer a framework for establishing and reviewing environmental goals and targets Be communicated to all employees and subcontractors of the business and documented.

The business will make an effort to persuade its suppliers to adhere to the ISO 14001 standard, statutory requirements, and other requirements affecting its environmental policy.

Where possible, the company will seek to influence customers in design matters impacting on its environmental policy.

In both supply chain and customer interfaces the company will play its part as appropriate in the safe disposal of waste, either by means of the principal contractor or by the regulations determined by local authorities.

The company will monitor its EMS performance to ensure continual improvement.

Signed on behalf Directors.
